## Experience

- UI/UX Intern at AI Solly** Jun – Aug 2024
- Delivered user flows, design system components, and high-fidelity prototypes as part of the core product redesign during my 8-week internship.
  - Proposed a major UX improvement by identifying confusion in lesson workflows and redesigning the “Preparation” and “Teaching” modes to reduce teachers’ cognitive load.
  - Improved accessibility by working directly with special-education teachers and front-end engineers, ensuring that design intentions were clearly communicated and implemented.
- UI/UX Designer for Taipei Metro Hackathon 2024** Jan – May 2024
- Conducted user surveys and co-defined feature priorities based on user needs and previous version pain points.
  - Redesigned the user flow and visual interface, creating a small-scale design system that improved usability and layout consistency.
  - Organized and refined the final presentation visuals in 1 week, contributing to the team’s 1st-place finish.
- UI/UX Designer — Software Engineering Course Project** Sep – Jan 2023
- Independently designed all UI and visual assets for 4-month-long game app develop project.
  - Coordinated directly with frontend developers to align design feasibility and implementation.
  - Earned the highest peer evaluation score of 8.3 in the team for design quality and collaboration.
- Design Leadership Experience at NTNU** 2022 – 2023
- Led and coordinated visual design across multiple student organizations, including CS Camp, Photography Club, and CS Student Association.
  - Directed CS Camp design work, which received a 9.9/10 satisfaction rating for design from participants.

## Skills

- Design & Research: Information architecture, User Flow Mapping, Wireframing, Prototyping
- Tools: Figma, Adobe Illustrator, HTML, Tailwind CSS, React Native
- Languages: English (TOEIC 945, IELTS 7.5), Chinese (Native)

## Education

- National Taiwan Normal University (NTNU), B.S. in Computer Science** 2021–2026  
Took design-related courses through the NTU System Alliance besides CS courses
- Exchange Program at Sapienza University of Rome, Italy** Sep 2024 – Feb 2025  
Studied Design, Multimedia, and Visual Communication; completed courses in Graphic Design, Typography, and Photography
